Parking

DRIVE CONFIDENTLY INTO THE FUTURE

With new payment fraud regulations and EMV cards entering the U.S. marketplace, merchants must adapt quickly to avoid losing customers and revenue. Is your parking facility ready for the transition? Let us help you get there. With Apriva's Integration Services, you can quickly add EMV-ready payment processing and future payment methods to an existing solution, instead of building a system from the ground up.

BENEFITS

Fast and Easy Integration
Our Integration Services offer a pre-built collection of solutions that make it simple to start accepting payments and increase revenue in no time.

Future-Ready Solutions
From traditional payments to innovative technology like EMV, Apple Pay, Samsung Pay, the Apriva Gateway is continuously evolving to help businesses stay ahead of the game.

Diverse Payment Options
Apriva's payment processors support credit, debit, stored value, loyalty, EBT, and check transactions, as well as emerging forms of payment.

Secure Technology
Apriva's proven technology is PCI-compliant and has been rigorously tested and verified by the U.S. intelligence community and Department of Defense.

New Sales Opportunities
Parking facilities can easily add payment processing to any existing mobile, web, or traditional POS solution, and avoid missing out on sales when customers don't have cash.

Complete Compliance
In addition to being PCI-compliant, Apriva Integration Services support advanced security features like card encryption at swipe, card tokenization, and EMV technology.

GET STARTED

Integrate with the Apriva Gateway to quickly and easily add payment processing to an existing POS solution. With unrivaled security and support for over 40 devices and 35+ certified payment processors, there is no better partner that offers innovation, confidence, and the freedom to choose. Start streamlining your payment integration by signing up for Apriva Integration Services today.
